DETAILED ACTION

Response to Amendment

1. The reply filed 9/6/2005 was applied to the following effect: All relevant objections and rejections are withdrawn as being satisfied.

Reasons for Allowance

2. Claims 1, 2, 5-10 and 12-14 are allowed.

The following is an examiner's statement of reasons for allowance:

This application is for an AUTOMATED HANDLING AND INTERFACE MECHANISM FOR LIBRARY OF DISK DRIVE CARRIERS.

- **Claims 1 and 9** specify an automated disk drive library, which requires:

“a picking tool having securing means for securing the disk drive carrier to the picking tool, and interface means for interfacing with the interface connector of the disk drive carrier.”

The prior art of record fails to fairly, teach, show or suggest, by either anticipating or rendering obvious, the invention as set forth in the claims of the instant application. Furthermore, a search made does not detect the combined claimed elements as set forth in the pending claims. Additionally, the reasons for allowance of the claims over the prior art of record is believed to be readily clear, self evident and apparent from the claim language set forth in each of claims 1 and 9, when compared and contrasted with the prior art.

More particularly, the instant invention (as set forth in claims 1 and 9) provides for a picking tool having securing means for securing the disk drive carrier to the picking tool, and interface means for interfacing with the interface connector of the disk drive carrier. None of the

cited prior art of record, however, do not disclose such a picking tool having tool having securing means for securing the disk drive carrier to the picking tool, and interface means for interfacing with the interface connector of the disk drive carrier, as set forth in the manner, function and relationship relative to other claimed structures as prescribed by the independent claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
